KARTHICK RAJA S

Email: karthick718718@gmail.com | **Phone:** +91 9363601766
LinkedIn: linkedin.com/in/karthick-raja-cse | **GitHub:** github.com/karthik05-alt

Objective

Motivated Computer Science and Engineering student with expertise in Java, Python, Machine Learning, Full Stack Java Development, and Data Analytics. Seeking an opportunity to apply my technical skills, project experience, and problem-solving abilities to develop innovative software solutions while continuously learning and contributing to organizational success.

Area of Interest

1. **Machine Learning** — Supervised Learning, Data Preprocessing, Model Development, Predictive Analytics
2. **Full Stack Java Development** — Core Java, Spring Boot, REST APIs, HTML, CSS, JavaScript, MySQL
3. **Data Analytics** — Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Statistical Analysis

Education

Bachelor of Engineering (Computer Science and Engineering)
Dr. Mahalingam College of Engineering and Technology, Pollachi
Year of Graduation: 2028 | **CGPA:** 8.36 / 10

School Education (HSC & SSLC)
Lakshmi Matric Higher Secondary School, Manapparai
SSLC Percentage: 82.1%

Skills

Technical Skills:

- Java
- Python
- SQL
- HTML, CSS, JavaScript
- Machine Learning
- Git & GitHub
- Data Structures & Algorithms

Non-Technical Skills:

- **Self-Motivation:** Proactive learner with a strong drive for continuous improvement.
- **Time Management:** Effectively prioritizes tasks and consistently meets deadlines.

Projects

1. **LearnWise AI** — AI-Powered Learning Platform
   Built a full-stack AI-powered learning platform using Python, FastAPI, React, TensorFlow, and Scikit-learn to deliver personalized study recommendations and real-time analytics.
2. **JobSight AI** – Smart AI Job Market Analysis & Salary Prediction System
   Developed a Machine Learning web application using Python, Streamlit, and Random Forest Regression for AI salary prediction with EDA, preprocessing, feature engineering, and model evaluation.

Internship

Machine Learning Intern | Amypo Technology

- Developed JobSight AI, a Machine Learning salary prediction application using Python, Streamlit, and Random Forest Regression with automated preprocessing, EDA, and an interactive analytics dashboard.

Certifications

- Machine Learning Certificate – Great Learning
- Programming Using Java – Infosys Springboard

Achievements

- First Prize – Byte Hunt Coding Competition, DHRUVA 2026, Karpagam College of Engineering.
- Python Programming Certification (96%) – Spoken Tutorial, IIT Bombay.

Extracurricular Activities

- Member of National Service Scheme (NSS).
